## ACADEMIC STRATEGIC PARTNERSHIPS

1. University of Central Nicaragua
2. University of West England
3. Concordia College - New York

### University of Central Nicaragua:

Texila American University (TAU) and UNESCO-IAU listed Universidad Central de Nicaragua (UCN) (English name: Central University of Nicaragua) have signed an agreement, to collaborate academically, to offer various programs from Vocational to Doctoral level and also works in the areas of scientific research.

UCN was founded in 1997 & is fully accredited and recognized by the Ministry of Education of the Republic of Nicaragua via the National Council of Universities CNU in official government session No 10-1998 and approved by the Assembly of the Republic Act No. 2822 according to law.

UCN is listed with the United Nations Educational, Scientific and Cultural Organization (UNESCO) International Association of Universities and the international handbook of recognised universities published by the United Nations.

### University of West England - UK

Texila American University (TAU) and University of West England (UWE) have signed an agreement for a twinning program where Nursing students shall study for the first two years in Guyana at TAU campus and the last two years at UWE.

### Concordia College - New York

Concordia College is 132 years old heritage, was established since 1881 and had recently signed up a Memorandum of Understanding with Texila American University especially for the **Doctor of Medicine** with US grounded exposure.

Students enrol for a 2 year Pre Medical Associate of Bachelor's degree in **Concordia College-New York's** historic campus which is just a short train ride from Manhattan. The next two years are

continued in Pre-Clinical studies at TAU Campus in Guyana then it's a return to USA for Clinical Rotations in TAU's affiliated hospitals.

### On campus programs

Texila American University offers the following programs in on campus

- College of Medicine
- College of Nursing

### COLLEGE OF MEDICINE

Choosing a medical college is about choosing a place that enables you to reach your goals and ambitions. We have been giving over-achievers a leg up on the competition at Texila. At Texila, you will have a seriously-talented, diverse-campus community behind you.

The college of medicine offers the below mentioned programs.

#### **A. Doctor of Medicine (4 years)**

Basically designed for students who should have a Bachelor's Degree/ Associate degree/ Diploma in relevant science areas (Allied Health Science, Life Sciences etc.). The program is divided into two parts, first 2 years as Pre-clinicals and the next 2 years as Clinicals.

#### **B. Doctor of Medicine (BS MD – 5.5 years)**

This program targets the students with 10 to 12 years of education and student with Non-Pre medical College Credits. Students who have earned 90 college level credit hours from undergraduate institutions or concurrently during the completion of secondary school are encouraged to apply to the 4 years MD Medicine Program, where the student will join the program at Pre-Clinical phase since those science based 90 college level credit hours will be considered in the admissions process. This program is divided into 3 parts Pre-Med (16 months), Pre-clinical (2 years) and the Clinical (2 years)

### COLLEGE OF NURSING

TAU prepares graduates to perform basic nursing and restorative care for patients involving safety, personal hygiene, nutrition, mobility, basic mental

health, protection of the patient and the patient's rights, observing the patient and reporting to the nurse.

The college of nursing offers the below mentioned programs

#### **A. Bachelor of Science in Nursing (4 years)**

This is designed for the students from High School as a 4 year / 12 semester program (3 semesters a year). Students from A levels or Higher Secondary schooling with the last 2 years focusing on subjects in Biology and Chemistry also go for the BSN nursing program with an exemption of 2 semesters

#### **B. Advanced Standing Nursing**

Texila American University has a continuing commitment to assist the registered nurses in attaining the baccalaureate degree. All RN students will have the opportunity to receive advanced placement credit upon completion of specific courses.

The duration of the program will be 2 years.

#### **RESIDENCY AND POST GRADUATE MEDICAL EDUCATION:**

Post Graduate medical programs, preparing you for Exams with Royal College of Physicians and Surgeons, Obstetrics & Gynaecology, Radiology, Child Health etc.

The Regular program is a unique program offered by TAU in Academic Partnership with UCN, whereby students who have completed their under graduate in MBBS can pursue the MD/MS program through Texila American University, prepare and take the Royal college exams leading them to Licensure worldwide including countries like India, UAE, Saudi Arabia, Singapore etc. These students will be undergoing the preparation for the PG examination through TAU affiliated Hospitals for a period of 3 years.

#### **SPECIALIZATIONS**

The various specializations offered are –

1. Internal Medicine
2. OB/GYN
3. Dermatology
4. Anesthesia
5. Pediatrics
6. Radiology
7. General Surgery
8. Orthopedics
9. Pathology
10. ENT
11. Psychiatry

#### **Training Centres and locations:**

- Ruby Hall Clinic, Pune
- KG Hospital, Coimbatore
- Mata Chanan Devi Hospital, Delhi
- Narayana Hrudayalaya Hospitals Group, Bangalore, Kolkatta, Jaipur, Mysore, Raipur, Ahmedabad etc.,

#### **POST GRADUATE MEDICAL PROGRAM – ADVANCED STANDING**

Texila American University has developed knowledge, competency and research based customized PG Advanced Standing programs in various medical specialties to augment the dearth of specialty doctors in various medical fields.

PG Advanced Standing programs are unique programs offered in association with the University of Central Nicaragua where TAU is their Academic Partners. Medical professionals with PG Diplomas or DNB can pursue his/her MD/MS program under TAU.

#### **Master of Medical Science (MMSc)**

These programs are offered in the similar lines as offered by the University of Edinburg UK, University of Dundee UK etc. The main thrust of the program is to gain knowledge and competencies through blended learning which is

acquired through an appropriate interplay of course work, clinical work and research.

**MCH (Magister Chirurgie)**

- These programs are offered in the similar lines as offered by University of Edinburg UK, University of Dundee UK, etc.
- Texila American University has developed this “Knowledge Based Assessment” program leading to M.Ch Certification (*Magister Chirurgie*). The aim and objectives of the M.Ch Certification course is to provide a clinically based Master’s Degree, designed to gain super specialty experience in the respective specialization.
- This program is offered in a Joint Venture with the University of Central Nicaragua.

**PHD in Medicine by Research**

- PhD is a unique degree in that it is not focused on acquiring more knowledge. A Masters essentially provides more knowledge or more in-depth knowledge in a subject. But doing a PhD is oriented around research.

**Distance & Online Programs:**

**TAU - UCN Partnership**

Texila American University (TAU) Distance and Online Program and UNESCO-IAU listed Universidad Central de Nicaragua (UCN) (English name: Central University of Nicaragua) have signed an agreement to collaborate academically and also in the area of scientific research.

**ENROLLMENT**

There are three intakes in a year – January, May and September.

### Learning Methodology:

#### OTLP Cycle:

Online Teaching Learning Process (OTLP) is a uniquely designed teaching learning activity designed for the Distance Learning Program. OTLP includes course materials uploaded in our exclusive learning platform, video lectures, E-resource, Open source ware, Podcast & Forum discussion. Students also receive constant faculty support throughout the course.

#### Through OTLP students will get:

- Intense and continuous faculty support.
- Modular based curriculum, which focuses on the core competency and skills.
- PPT for every module and sub modules.
- 24/7 support provided by the student coordinator.
- Mandatory participation in forum.
- Continuous and weekly assessment.
- Easy assessment mechanism and continuous feedback from the faculty members.
- Completion of the trimester course in 16 weeks.

#### Modular Approach

- Each subject /course will have 10 modules.
- Each Module should be learnt within a week.

- Modules will be rich in context and conceptual understanding.
- For every module, faculty members will put up the Power Point presentation for the students to review.
- The PPT's will be enabled every Monday.
- The student can email their queries related to each subject module to the student coordinator on or before the next module starts.
- The student coordinator will collectively send all queries to the subject experts / faculty for clarification.
- The faculties will answer the query and it will be uploaded in the forum for other students /future student's reference.

### Learning Management Center [LMC] for Distance & Online Programs:

We explore opportunities to join hands with people & organizations who are visionaries and desire to be a catalyst of educational growth in their country. We want to create quality manpower in the community. Especially, this center is to ramp up the growth for Distance and Online program.

#### Role of LMC:

- Should be responsible to recruit and enroll students for various programs offered by the university.
- Arrange seminar for students periodically.
- Has to act as a local coordinator for TAU students.

### Currently we have LMC's in the following countries

1. Nigeria
2. Ghana
3. India
4. Kenya
5. Cameroon

**Many Centres in Different Countries are in pipe line.**

### **Academic Strategic Partnership: TAU & ABE-UK Partnership**

Texila American University has signed MOU with the Association of Business Executives for advanced Management Programs on February 2014 where ABE UK students shall have credit transfer to TAU-UCN's management programs (various specializations) in Bachelor's and Master's Level.

Students who have completed ABE diploma at different levels like level 5, level 6 and level 7 can enter into the Bachelor's or Integrated Master's Programs of TAU.

Students can choose the appropriate program from a wide variety of specializations like Business Management, Financial Management, Management of Information Systems, Human Resource Management, Marketing Management, Travel, Tourism and Hospital Management etc.

At the end of the program TAU awards the degree through the partnership with Universidad Central de Nicaragua (UCN).

Please find below the link and this will help you clarify if you have any questions.

<http://abeuk.org/unireresults.php?FormType=Quick&Country=Guyana&submit=Search> [TAU listed on ABE UK's website]

### **International Foundation and Pathway Program [IFPP] and partnered universities**

Texila American University recognizes that today's global economy requires graduates who are both academically and cross-culturally prepared in order to succeed in a diverse and multicultural world. TAU offers excellent academic and co-curricular opportunities to help prepare students for the new challenges of being a global citizen.

International Foundation and Pathway Program is a preparatory program for those students who aspire to study bachelor's program in countries like USA, UK, Australia, and other countries.

### **Acceptance of International Foundation and Pathway Program:**

The International Foundation and Pathway Program is a university preparation program that provides students with the academic knowledge, independent learning skills, English language skills and confidence to enter and successfully complete the bachelor's degree.

Successful completion of International Foundation and Pathway Program gives entry into many universities in Australia, Canada, Indonesia, Malaysia, Singapore, Thailand, East African countries, the United Kingdom, the United States of America and Philippines.

Currently TAU has signed articulation with the following universities for IFPP program.

<b>University</b>	<b>Country</b>
UBIS University-University of Business and International Studies	Switzerland
APU -Asia Pacific University	Malaysia
Bay State College	USA
Swiss School of Management	Rome
Pembrokeshire College	UK

TAU is also in the process of appointing study centres in various countries for its IFPP Programs. Students will study IFPP program (first one year) in their local country and join with international universities for Bachelor's degree directly which saves lots of money for students from developing countries.

Currently TAU has appointed study centres in Nigeria, Ghana and Kenya for IFPP program.

### **Pre Medical Programs & Study centre:**

Premedical pathway programs are specially designed for the students to enrich their career in Health Sciences and Life Sciences. Premedical programs of TAU will create a unique path to the students that leads to explore their gratitude in the fields of Medicine, Nursing and other related

Health Science boundaries to the countries like USA, UK, etc.

#### **UNIVERSITIES WHICH SIGNED ARTICULATION WITH TAU:**

##### **Hungary:( Through Local Partner)**

- Semmelweis University
- University of Szeged
- University of Pecs Medical School
- SzentIstvan University
- University of Debrecen

##### **China:**

- Hebei Medical University

##### **Czech Republic:**

- Charles University

##### **Poland:**

- Zamosc University

#### **PREMEDICAL CENTRES ARE CURRENTLY RUNNING IN**

- Nigeria
- Zimbabwe
- India

More centres are being set up in different countries.

#### **TEXILA CAREER COLLEGE:**

Vocational courses or Para medical courses are those which makes the healthcare sector more effective and easy. A professional who completes this course gives emergency care and first aid by making right choice at the hour of need.

We have a dynamic curriculum which we continue updating according to the requirement of the healthcare sector. Our students will have hands-on training with renowned hospitals and institutions which are affiliated with TAU.

These courses are specially developed for the people who are working in hospitals and in healthcare industry. Currently TAU is in the process of appointing centers or affiliation hospitals worldwide and currently we have in India and Ghana.

#### **Texila Online College**

TOC is relatively a baby in the Arm of the Texila Group. TOC focuses on providing online tuition to international learners spread in over 150 countries and enrolled in certain programs of ABE- UK and EDEXCEL UK. TOC would also focus on training corporates who are interested in their staff getting trained for certifications from ABE and EDEXCEL

#### **Regional Offices & International Presence**
